ON A JOURNEY TO MAKE SUSTAINABILITY THE NEW NORMAL

WHAT MAKES A MARC O'POLO HOME PRODUCT SUSTAINABLE?

Our aim is to only offer products in the future that are made primarily from materials that promote our environmental responsibility. We consider products to be sustainable if their main components or extraction and production are in line with our commitment to sustainability. In some cases, however, specific product requirements or the availability of alternatives that meet our environmental awareness pose a challenge to achieving full sustainability. In such cases, we leave minimal room for compromise in order to prioritise product quality while making responsible choices.

SUSTAINABLE MATERIALS

Marc O'Polo was founded in 1967 on the idea of choosing natural materials first and foremost and only using synthetic materials when absolute necessary. We source the majority of natural materials like cotton from responsible sources (e.g. organic cotton) and there are now more sustainable, eco-friendlier versions of some synthetic materials, such as recycled polyester or regenerated cellulose fibres from natural raw materials.

ORGANICALLY GROWN FIBRES

Organic products contain fibres that are grown and obtained without synthetic pesticides, defoliants or chemical fertilisers and free from GMOs in accordance with the principles of organic farming. All of the Marc O'Polo Home products with organically grown fibres are certified in accordance with international standards such as Global Organic Textile Standard (GOTS) or Organic Content Standard (OCS).

SUSTAINABLE REGENERATED FIBRES / TENCEL™ LYOCCELL

Marc O'Polo Home uses regenerated fibres like Tencel™ Lyocell, a cellulose fiber sourced from sustainable forestry. Strictly adhere to rigorous environmental standards. They prioritize responsible wood pulp extraction, ensuring that trees are sourced from certified and controlled wood sources. This approach promotes sustainable forestry practices, preserving our planet's vital ecosystems and biodiversity.

RECYCLED MATERIALS

Fibres from recycled material save natural resources. Marc O'Polo Home uses recycled cotton fibres, recycled wool and cashmere, mainly from pre-consumer material, and recycled polyester fibres, which are primarily sourced from recycled PET bottles. Many of our products made with recycled materials are certified in accordance with the Recycled Claim Standard (GRS).

CERTIFICATES

WHEN SOURCING MATERIALS, WE ARE INCREASINGLY USING INDUSTRY-RECOGNISED STANDARDS FOR ORGANIC AND RECYCLED FIBRES AS WELL AS ONES THAT TAKE LAND MANAGEMENT INTO ACCOUNT. FOR MOST STANDARDS (INCLUDING GOTS, OCS, GRS, AMONG OTHERS) INDEPENDENT THIRD PARTIES CHECK AT ALL LEVELS OF THE TEXTILE PRODUCTION CHAIN THAT THE CORRESPONDING MATERIAL IS CONTAINED IN THE PRODUCT. TO ENSURE THE NECESSARY TRANSPARENCY IN THE SUPPLY CHAIN, WE ARE CONTINUOUSLY EXPANDING THE RELEVANT CERTIFICATION FOR OUR PRODUCTS. A LOGO ON THE LABEL SHOWS WHETHER A MARC O'POLO HOME PRODUCT IS CERTIFIED IN ACCORDANCE WITH A PARTICULAR STANDARD. MORE AND MORE OF OUR PRODUCTS AND MATERIALS ARE CERTIFIED.

GLOBAL ORGANIC TEXTILE STANDARD (GOTS)

Products that comply with the Global Organic Textile Standard (GOTS) must be made from a high proportion of organic natural fibres. GOTS also places strict requirements on the ingredients and production processes used and requires compliance with social and environmental criteria during further processing.

GOTS ORGANIC MINIMUM 95 PER CENT ORGANIC NATURAL FIBRES
GOTS MADE WITH ORGANIC 70-94 PER CENT ORGANIC NATURAL FIBRES

ORGANIC CONTENT STANDARD (OCS)

The Organic Content Standard (OCS) applies to products that contain 5 to 100 per cent organic material.

OCS 100 MINIMUM 95 PER CENT ORGANIC NATURAL FIBRES*
OCS BLENDED 5 TO 95 PER CENT ORGANIC NATURAL FIBRES*

GLOBAL RECYCLED STANDARD (GRS)

The Global Recycled Standard (GRS) is a voluntary product standard for tracking and verifying the content of recycled materials in a final product. The standard applies to the full supply chain and addresses traceability, environmental principles, social requirements, chemical content, and labeling.

YOUR NATURE AT HOME

Modern design, timeless comfort, and the unmistakable Scandinavian spirit. Founded in Stockholm in 1967, Marc O'Polo stands for a relaxed, urban lifestyle with a preference for natural and innovating materials. A characteristic that is perfectly reflected in the new home collection. Premium qualities, fine details and authentic patterns and textures in a wide range of bed and home textiles and accessories. Designed for you, your friends and family to turn moments at home into memories.

NOMADIC PICNIC

THE NEW SPRING / SUMMER 2024 COLLECTION BY MARC O'POLO IS INSPIRED BY THE LONG DAYS OF SCANDINAVIAN SUMMER. A TASTEFUL PICNIC IN THE PARK, CALMING HOURS AT THE BEACH. SUMMER TAKES PLACE OUTSIDE, WITH FRIENDS AND FAMILY, CONNECTED TO NATURE. THE ALMOST ENDLESS DAYS ARE REFLECTED IN TIMELESS AND CLEAR DESIGN. HIGH-QUALITY AND DURABLE MATERIALS AS WELL AS THE ENDURING COLOURS OF NATURE SUCH AS MOSS GREEN AND DARK SAND PROVIDE A SENSE OF COMFORT. WITH FADED BLUE AND FRESH ORANGE, THE COLLECTION TRANSPORTS THE LIGHTNESS AND ENJOYMENT OF SUMMER INTO YOUR HOME.

TOVE

Scandinavian Simplicity. Enzyme-washed organic cotton percale, GOTS-certified. Clean and crisp. This Tove design features a breathable 300 thread count weave, combining softness, durability, and timeless luxury. Premium quality with a timeless, powdery matt look.

Moss Green

NOMADIC PICNIC

100% WASHED ORGANIC COTTON TWILL, GOTS-CERTIFIED

Square Space. Made from GOTS-certified organic cotton twill, the Marc O'Polo duvet cover features a soft feel. The minimalist double-sided check pattern in sage green and denim blue creates a yarn-dyed effect. Together with the visible twill structure, the modern Gyda-Design promises timeless comfort in premium quality.

GYDA

Sage Green

THYRA

Shaded Stripes. The bold pinstripe of the reversible Thyra design in off-white on light denim blue is an exciting contrast to the darker shade of blue on the other side. The visible twill structure of the Marc O'Polo duvet cover gives the pattern a yarn-dyed effect. Thyra is made from particularly soft, GOTS-certified organic cotton twill. A contemporary print that makes you feel good.

Denim Blue

NOMADIC PICNIC

100% ORGANIC COTTON PERCALE, 200 TC, GOTS-CERTIFIED

KEERSTEN

Clear Composition. A minimalist and breathable duvet cover with a one-sided graphic print in oatmeal on a smooth GOTS-certified cotton percale quality with a matt finish in denim blue. The reduced Marc O'Polo Keersten design, combined with the pleasantly cool feel, creates a clear line and brings quality and design into tangible harmony.

Denim Blue

THYRA

Shaded Stripes. The bold pinstripe of the reversible Thyra design in black on off-white is an exciting contrast to the off-white stripe on a dark, calming sandy shade on the other side. The visible twill structure of the Marc O'Polo duvet cover gives the pattern a yarn-dyed effect. Thyra is made from particularly soft, GOTS-certified organic cotton twill. A contemporary print that makes you feel good.

Black

JORN

Fading Shades. The fine texture of the Marc O'Polo Jorn duvet cover is breathable and made from a GOTS-certified premium cotton sateen quality with a natural sheen. On the front, a dark sand tone fades into dusty grey and resembles a cloudy desert sun. Fine horizontal stripes in the matching sand tone extend across the reverse. For lightness at home and on the skin.

Dark Sand

TOVE

Scandinavian Simplicity. Enzyme-washed organic cotton percale, GOTS-certified. Clean and crisp. This Tove design features a breathable 300 thread count weave, combining softness, durability, and timeless luxury. Premium quality with a timeless, powdery matt look.

Dark Sand

GYDA

Square Space. Made from GOTS-certified organic cotton twill, the Marc O'Polo duvet cover features a soft feel. The minimalist double-sided check pattern in subtle sand and powder pink creates a yarn-dyed effect. Together with the visible twill structure, the modern Gyda-Design promises timeless comfort in premium quality.

Pink Cloud

NOMADIC PICNIC

100% WASHED ORGANIC COTTON TWILL, GOTS-CERTIFIED

Shaded Stripes. The bold pinstripe of the reversible Thyra design in bright orange on soft cloudy pink is an exciting contrast to the calming white stripe on the other side. The visible twill structure of the Marc O'Polo duvet cover gives the pattern a yarn-dyed effect. Thyra is made from particularly soft, GOTS-certified organic cotton twill. A contemporary print that makes you feel good.

KEERSTEN

Clear Composition. A minimalist and breathable duvet cover with a one-sided graphic print in fresh orange on a smooth GOTS-certified cotton percale quality with a matt finish in delicate cloudy pink. The reduced Marc O'Polo Keersten design, combined with the pleasantly cool feel, creates a clear line and brings quality and design into tangible harmony.

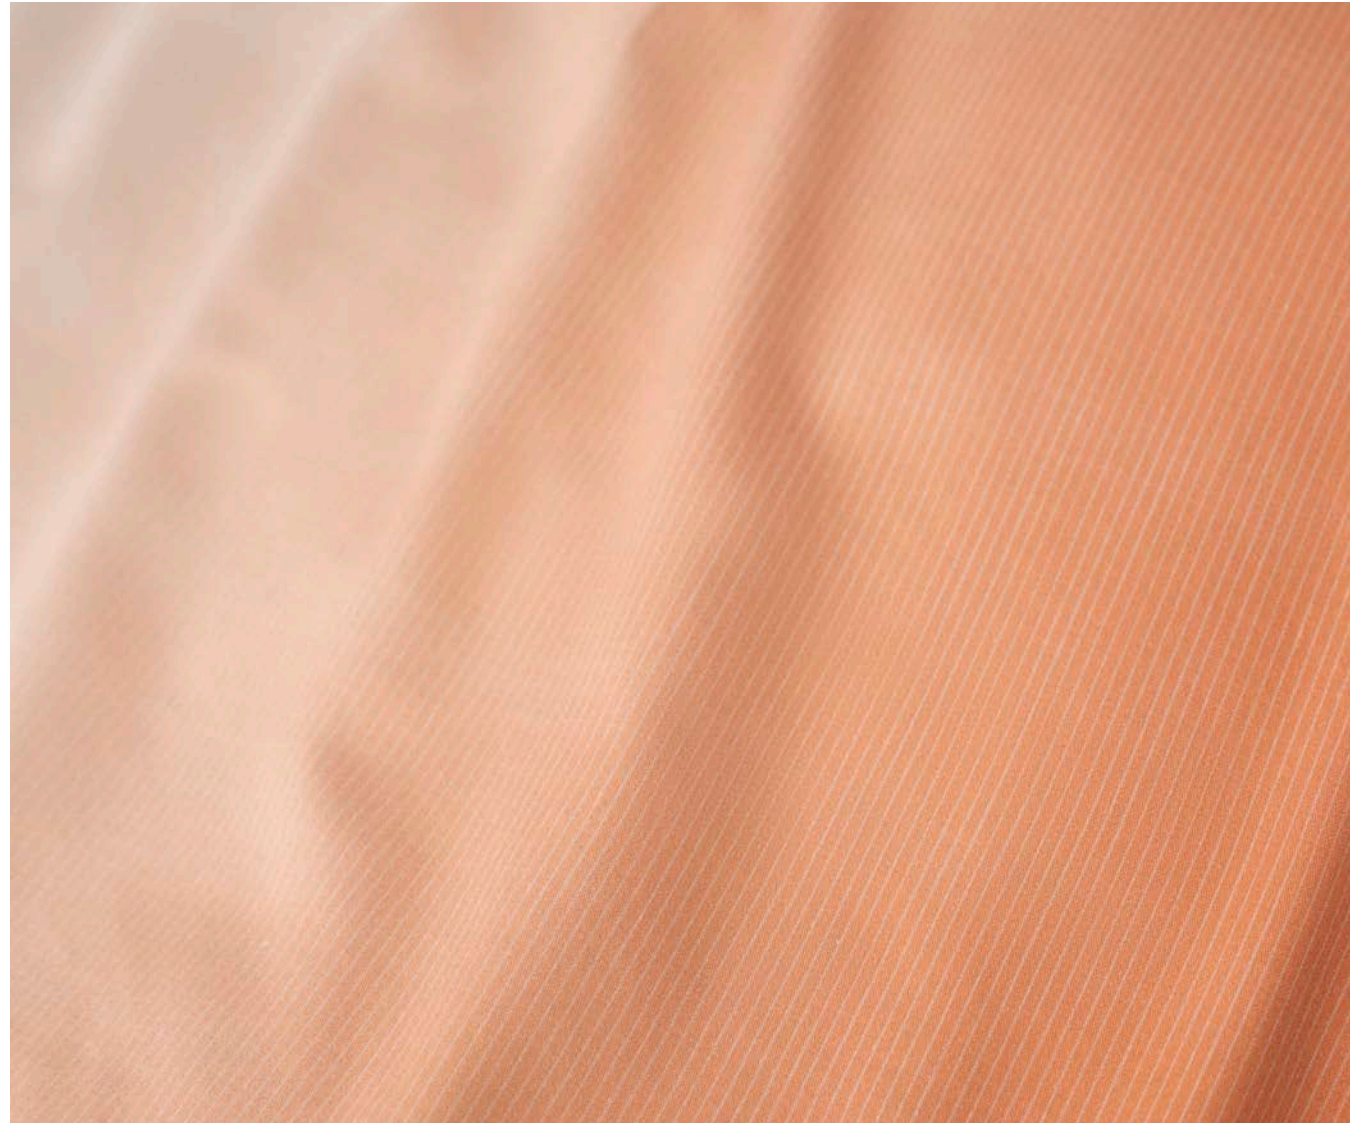

Melon

JORN

Fading Shades. The fine texture of the Marc O'Polo Jorn duvet cover is breathable and made from a GOTS-certified premium cotton sateen quality with a natural sheen. On the front, sky blue fades into rich orange and resembles a sunset. Fine horizontal stripes in matching blue extend across the back. For lightness at home and on the skin.

TIMELESS BEDDING

CLASSIC PATTERNS. SOOTHING COLOURS. TIMELESS APPEAL. HIGH-QUALITY MATERIALS COMBINED WITH EYE-CATCHING UNDERSTATED DETAILS.

TIMELESS BEDDING

50% LYOCELL/30% RECYCLED COTTON/20% RECYCLED POLYESTER, GRS-CERTIFIED

Bold stripes. Resource-saving reversible bed linen with yarn-dyed stripes mixed with a neutral tone on one side and a natural melange color on the other. There is no dyeing process involved for this product since the colour comes from the recycled fabric, therefore there is less use of chemicals, water and energy. This blended yarn composition has a slight shiny finish, with a super soft feel.

MALVE

Dark Navy

Mid Forest

TIMELESS BEDDING

50% LYOCELL/30% RECYCLED COTTON/20% RECYCLED POLYESTER, GRS-CERTIFIED

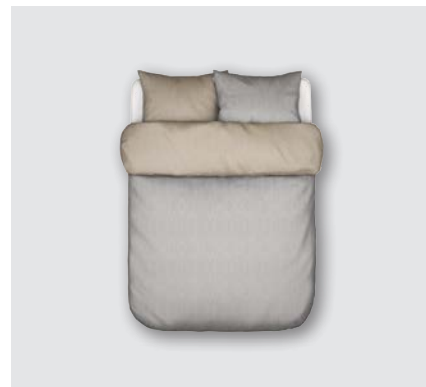

Soothing structure. Yarn-dyed reversible bed linen made from delicate fil-à-fil fabric in a two-tone. There is no dyeing process since the colour comes from the recycled fabric, therefore there is less use of chemicals, water and energy. This blended yarn has a crisp handfeel with a subtle heathered effect.
